

KERATIN COMPLEX SMOOTHING THERAPY

KERATIN COMPLEX FAMILY OF BRUSHES

Keratin Complex's innovatively designed family of brushes features 3 Sizes of Round Brushes and the Curved Vent Brush. The metal brush barrels diffuse heat evenly and accelerate the shaping of all types of long length or wavy hair. The uniquely designed Curved Vent Brush allows more heat to flow to the hair shaft, thus reducing drying and styling time.

- Light Weight Design
- Cushion Rubber Handle
- Reduces Blow-Drying Time
- Purifies & Freshens Hair
