REFINING: SHADES, TONERS & pH.D online

This online class will expand your knowledge in toning and refining your client's hair, from darker shades to the lightest blondes. This class explains the difference between SHADES, TONERS and pH.D and when to utilise each product. Designed to further your technical skills, address challenges and deliver the best colour results possible.

OUTCOMES: Gain confidence by understanding the differences between each product when refining plus the visual variance between each COLOR.ME option.

HIGHLY RECOMMENDED FOR: Colourists who have completed START and wish to expand their understanding when refining hair.
