## CUT.ME DESIGN online

This interactive class starts with one truth: cutting a true line is never as easy as it seems. Take a dive into the basic elements of design and how they apply to cutting hair. This will be an inspired digital demo that teaches you how to take these elements apart and put them all back together again to meet client's haircut needs consistently and accurately. Explore how to break images into these elements and apply and develop your personal taste.

**OUTCOMES:** You will understand how line, form, shape and texture can unlock infinite possibilities. Learn how to communicate a design concept to clients and develop your personal style.
